

University of Waterloo Official Document Cover Page

University of Waterloo official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature. See how [Waterloo is using MyCreds™](#).

If you have received a notification of this document from noreply@mycreds.ca and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is not official and may not reflect the most recent version.

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. Under no circumstance should a printed copy be relied upon as it could be subject to tampering. This document is shared as a single-use transaction between the learner and the recipient and downloads are for record keeping purposes only. Forwarding or reproducing this document will render the document not valid.

Security information

To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with <https://learner.mycreds.ca>.

When viewed in PDF format in Adobe 9.0 (or later), the digital signature of the document should be interpreted as follows:

The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up-to-date document). If the document does not display a valid certification and signature message, reject this document immediately.

This symbol with a red cross signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and therefore has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature online, reject this document.

This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

Grading

Effective Fall 2001

Graduate Studies

Averages are reported in all Faculties as percentages. Average calculation values are used for overall averages for students with letter grades on their records.

Numeric grades on a scale from 0 – 100 as well as CR and NCR will be used by all Faculties. Grades for all courses taken prior to Fall 2001 appear on transcripts either as one of 10 letter grades from A+ to F, or as numeric grades on a percentage scale.

Any course with a numeric grade below 60 will not be counted for credit and is considered a failure. In some programs a grade higher than 60 is required for the course to count towards degree completion.

Undergraduate Studies

Notes

- Date format: MM/DD/YYYY.
- Milestone: A non-course requirement that must be met to receive the credential.
- Courses vary from 0.00 to 3.00 units. Most courses have a 0.50 unit and are of one-term duration. Course units are used to calculate weighted averages.
- **This transcript legend may be periodically updated.** Please visit <https://uwaterloo.ca/the-centre/transcripts/transcript-legend> for the previous transcript legend.
- The University of Waterloo is a public university having full membership in the Council of Ontario Universities and the Association of Universities and Colleges of Canada. These memberships constitute full accreditation in Canada.

Graduate Studies

1. Graduate students must obtain an average of at least 70% in the set of courses they present in fulfilment of course requirements for any graduate degree. Some departments may require higher program averages or course grades for graduate degrees.
2. The grading scheme for the external institution applies to courses taken for Graduate Studies transfer credit. A grade status of "T" is applied where the grading system from an external institution differs from that of the University of Waterloo.
3. A standing of INC will convert to FTC following a lapse period of two academic terms.
4. Courses "GS – Continuing Graduate Studies" and "GS 999 Continuing Degree Requirement" are administrative courses which are not graded.

Undergraduate Studies

1. Courses with (WLU) in the description have been taught at Wilfrid Laurier University.
2. Grades for courses taken at Wilfrid Laurier University will be reported as letter grades and converted to University of Waterloo numeric values for the purpose of calculating averages.
